To Devin Standard

Hi Devin,  
I appreciate your efforts, but the price adjustment has not been serious enough to make it work for me. When I first met you at the Photonics West show in San Francisco you told me that your company was able and interested to develop lenses for me which would be non-milspec and in a lower price range. If your company is interested in doing so, I can offer the following arrangement which would assure the continuity of our doing business together: I immediately place an order for 40 pcs of each 30/50/100mm lens sets at a price 10% below your latest price quote with delivery in 4 and no later than 5 weeks and meanwhile work with your company on designing more affordable non-milspec lenses with focuses 30/60/100mm to be supplied on an ongoing basis with minimum orders which would be of sufficient interest to your company. I can even prepay the order in full if you so desire.  
Please let me know ASAP.  
Best wishes, Naum

Subject: EOY special pricing

Hi Naum:  
Please find your revised quote attached.  
We are able to loosen some of the specs to reduce the cost.  
I look forward to your order.
